Out-Patient Experience Survey

Your hospital experience is a top priority for us and each member of our team is committed to compassionate, high-quality and culturally safe care. We understand that as a patient, family member or community member, coming to the hospital can be a stressful time. Our team is here to help make sure the needs of our patients and family members come first.

Please take a few minutes to complete a Patient Satisfaction Survey. The survey gives us important feedback about the care you received at the hospital.

Your completed survey can be placed in any of the survey boxes that can be found at various locations around the hospital, given to any staff member, or returned to us by mail to:
